## COVID-19 Incident letter 2021/22 Season

Dear Parent

Your child ..... has been involved in a COVID-19 related incident at training/match today.

- 1) They have exhibited signs and symptoms consistent with COVID-19 and was therefore immediately withdrawn from the session: or
- 2) They may have been exposed to COVID-19 through cross-contamination resulting from a breach of social distancing / third party.

PLEASE DELETE AS APPROPRIATE

As the young person is now returned to your care, it is important that you watch for any signs or symptoms, which might indicate a more serious situation.

### Please watch for:-

- A new, continuous cough
- High temperature, e.g. 37.8 C and above
- Change to or loss of taste and smell

If any of these develop, then you should contact your local Test, Track & Protect scheme for further advice. In the case of a positive test result the young person will be required to self-isolate for 14 days or longer if symptoms persist and will not be permitted to return to football activity with Malpas & District JFC until cleared to do so by a GP.

Due to the many different sports and activities that young people take part in, it is also very important that you inform school, other sports club (e.g. rugby / hockey) or other organisation where the possibility of a further infection may occur. To assist this a "Pass-on" note is attached to this letter for your use.

Signed.....coach

Date .....
